

Local Council Candidate Pledge

I will act with integrity, always remembering the weight of my decisions.

I will always act for a better standard of living for working people, work to preserve public services, and stand up for secure jobs and good wages.

I take seriously the impact that my actions as both a candidate for local council, and a councillor, will have on Victoria's 54,000 local government employees.

If elected, I pledge to:

- Be committed to democracy and transparency in decision making.
- Act in the best interests of my community, and the best interests of vulnerable communities.
- Act to maintain a quality work environment with secure employment and good wages and conditions.
- Stand for the principle of service provision, not service management.
- Advocate at all times for fair revenue and financing, to deliver public services for the public good.
- Always consider the good of the collective and the values and principles of unionism in all that I do.
- Actively support council workers throughout the COVID-19 pandemic, including campaigning for and supporting the establishment of paid pandemic leave in local council
