Dear all

Please find below outcome of the mediation today:

1. YSAS will write to the ASU and impacted staff about the proposed return to the workplace by close of business 22 December 2020;
2. The ASU and impacted staff to respond to the YSAS proposal by close of business 31 December 2020. Impacted staff may formulate responses during work time;
3. YSAS will respond in writing to the ASU or any impacted staff who provide feedback by close of business 8 January 2021;
4. Both parties reserve their position in relation to the application of clause 9 of the YSAS Enterprise Agreement 2016-2019.

I am able to bring the parties back together if necessary and at the request of either party.

Please do not hesitate to contact me if you wish to discuss any aspect of this matter further.

I thank the parties for their constructive approach to today's discussion.

Kind regards

Jesse
